

Exam 6

Digit Symbol Coding Task

Participant ID #:

Acrostic:

Technician ID:

Date: / /
Month Day Year

Place the task sheet before the participant. Point to the task sheet and say:

“看看這些格子，注意每個都有一個數字在上面和一個特殊的記號在下面。每個數字有它自己的記號。”

Point to 1 and its mark in the key, then 2 and its mark. Then point to the seven squares located to the left of the heavy black line and say:

現在看這裡上面的這些方框有數字但在下面的這些方框沒有數字，在每個空的方框內，把這個標記放在應該放的地方，像這樣。

Demonstrate completing the first three boxes one at a time. Then say:

“現在你用這種粗綫填進格子。”

NOTE: If the participant has difficulty completing the seven sample items or does not grasp the task, help her/him complete the sample items. If the participant still has difficulty, discontinue the task and score “0” in items B and C. Participants with visual limitations should be given the opportunity to complete the sample. If the participant cannot complete the sample due to visual impairment, code “0 - not done.”

After the demonstration and practice is complete, point to the first box following the sample items and say:

“現在你知道怎麼做了，當我說開始，你做其餘的部分。”

Point to the first square to the right of the heavy line and say:

“從這裡開始填寫的格子越多越好，一個接一個不要漏掉，一直做到我叫你停下來。盡量做的越快越好，不要出錯。”

Sweep across the first row with your finger and say:

“當你完成這行時，繼續到這一行。”

Point to the first square in the second row. Then point to the heavy black line and say:

“開始” (start timer)

Stop the participant after 120 seconds and say:

“停止”

A. Test items: ☐ Done ☐ Not Done ☐ Refused

B. Number of symbols **correctly** coded:

C. Number of symbols **incorrectly** coded:
